

*To improve the health and well being of
Aboriginal People in spirit, mind, emotion and
body by providing Traditional Healing within an
intra-disciplinary health care model.*

Anishnawbe Health Toronto

FASD Program

Fetal Alcohol Spectrum Disorder Services

To promote awareness and prevention of Fetal Alcohol Spectrum Disorder (FASD), AHT provides services which include:

- Community information workshops
- Support groups
- Referrals to assist the families of FASD children
- Nutritional counselling

Diagnostic Clinic

In partnership with St. Josephs Health Centre and Breaking the Cycle, AHT provides a FASD Diagnostic Clinic. A multi-disciplinary team consisting of a Physician, Nurse, Psychologist, Circle of Care Worker, Traditional Healers and Traditional Counsellors provides assessment, diagnostic and support services where there has been pre-natal exposure to alcohol and/or drugs.
